## Summer Park Play Days

Come play and chat during our summer play days at our neighborhood parks. Vacations, sickness, and life in general always seem to throw our routines for a loop, so don't worry about committing to all of these days. Come when you can, bring a picnic lunch and stay a while after if you like. If it's horrible weather, you have an "excused absence", but hopefully you can find some indoor fun with a friend and their children as an alternative.
