

Why Choose A Cooperative Preschool?

Co-op is the best place to learn right along with your child.

Co-op lets parents participate in their child's education.

Co-op provides Parent Education opportunities.

Co-op has a high adult to child ratio, which means lots of helping hands and individual attention for each child.

Co-op has affordable tuition and a very high quality program.

Co-op has excellent teachers who regularly update their knowledge and skills at Bates Technical College workshops and seminars.

Co-op receives lots of support and information from early childhood professionals at Bates Technical College and in the community.

Co-op is a healthy and safe educational environment for children and their parents.

Co-op uses approved practices within the guidelines of the National Association for the Education of Young Children.

Co-op recognizes that parents are the most important teachers children will have.

Co-op gives parents a chance to celebrate those fleeting first few years with their children and build a great foundation of respect and cooperation.
