

Snack Parent AM classes

Please arrive at 9:20 AM

We serve water for our beverage. Please avoid putting out too much snack. We want to have plenty of time outdoors.

CHECK ALLERGY LIST. "PEANUT FREE SNACKS"

9:20- 9:45: Fill 1 bleach bottle solution. Bleach is located in closet in Rona's room. Fill water pitchers (2) with water $\frac{1}{2}$ full. Set snack in baskets to serve during snack time. Set out tongs or serving spoons in baskets to encourage children to serve themselves. (Do not overfill baskets all the way up) Set out cups, napkins, plates on a tray. Wipe place mats. Be sure to check the allergy list. Make sure cupboard is stocked with napkins, paper towels and cups. (Snack supplies are located downstairs in kitchen.)

9:45-10:15: Supervise Sensory table and car/trucks area and dramatic play area. Interact with all children in these areas. Rotate in and out of these areas.

Remind children to keep materials in the area where they belong and to put a toy away when finished playing with it. Encourage children to "take turns".

10:15-10:20: Bring out sponges and give to children to assist with washing tables. Ms. Melissa will sing the "put your sponge in the box song" when she is ready for circle time.

10:20-10:30: Set place mats on tables. (Snack helper should help set out placemats) 5 children to each of the two tables. Please do not set snack out at this time. Sweep floor. **Please don't set cups, plates or napkins on placemats. These items should be kept on a tray so the children can take 1 and pass to next child. ** Tray can be set in center of table. **Make sure tongs and or serving spoons are in baskets.** We want to encourage "self service".

10:30-10:35: After circle time, stand at far door by hand washing tub. Assist ART parent with hand washing in FAR Yellow bathroom. Keep children in bathroom so no child wanders into the hallway.

10:35: After we say our "thank you", set snack and water pitchers on table. Please remember that when the baskets are empty, do not re-fill them. What has been set out is plenty for the 1 hour and 45 minute class. If a child spills, allow them to help wipe it up.

10:35-10:45: Sit with group of children at snack time. Engage them in conversation and encourage good manners. Talk about shapes, size, texture, taste etc.

10:45-11:00. *If our ratio is maintained outside or downstairs, you may vacuum all rugs and sweep while we are outside at this time. If our ratio is not maintained, sweeping and vacuuming will need to be done after class. Vacuum is located in hallway closet.

11:00-11:05: Assist with hand washing in the far yellow bathroom.

11:05-11:15: Clean snack counter with bleach water. Wipe placemats. Wash any "dirty" dishes. Rinse sponges with bleach solution from spray bottle and water.
